

Back 40 Club Lambs

My passion for raising lambs began when I was young, good friends of ours Mark and Julie Berry of berry's gh farm are who I have to fully thank for getting me involved in the show industry. They took time out of their schedule to help me get involved in showing livestock and I will forever be thankful for them and their knowledge to help us succeed. I soon found that lambs were what I wanted to raise from there on out and they have went above and beyond to help get us to where we are today.

Initially I bought my first market lamb when I was 13. He wasn't much to look at, but he was exactly what i needed to make me fall in love with lambs. That little blue lamb lit a fire for me to buy more and I quickly built a small show flock and had great success showing around the state. As life happens sometimes, I sold out after high school in 2010 but knew I wanted to get back into the club lamb world one day.

I met the love of my life, Davey Foley in 2012. shortly thereafter in June of 2014 we married and then 1 short year later our son Levi came into our lives! Our passion for livestock and the industry remained. As our journey began as a married couple and young parents, we knew we wanted to raise our son with the same work ethic and values being in the show barn can teach.

In 2017 we moved to Glenwood AR and began with buying a few ewes and a nice young ram to start building Back 40 Club Lambs. In 2019 we decided we wanted to share our passion with local kids and families, so we began leasing lambs to local showmen to help them achieve their goals. We wanted to assist kids in proper animal care and maintenance, work side by side in teaching them techniques for showing and build a program that gives back to the kids all while teaching them work ethic. We have group and individual showmanship clinics as well. We hope to continue to grow this program and provide opportunities for others as well.

Levi is now a young showman and is following in our footsteps. He has an immense love for animals and the outdoors. He has been such a big part of our operation and loves everything about it. He works just as hard as the big kids in the lease program, and he's also been known to out show kids twice his age! In the 2021 Arkansas jackpot series he was awarded the 4th overall peewee premier exhibitor award given by the Arkansas junior sheep council! Whether it's daily feeding, lambing season or show season you can usually find him in the barn.

Davey was a cattle guy, showing Herefords was his passion but he has since started expanding his knowledge of upcoming genetics and helping to grow our flock to where it is today. We strive to produce healthy sought-after animals that can not only compete in the show ring but can also be excellent breeding pieces down the road. We continuously monitor and make the necessary changes to our flock to produce quality market lambs. We have been fortunate to sell nationally, and it is very humbling to send one off and see if perform well.

We work hard daily to better our farm and the quality we offer to our exhibitors. If you are interested in checking out what we have to offer this season or in the future, please let us know as we would love to assist you in any way that we can!
